Can Liner - Low Density

Berry Steel-Flex® Coreless Roll Liners

Linear low density polyethylene liner provides superior puncture and tear resistance. Exceptional strength even under the stress of heavy duty use. Star bottom seals eliminate leakage and odors.

286937137 33 x 39 White 0.74 mil 8/25/cs

Berry PG6 Recycled Roll Liners

Made from post-industrial recycled resins. Good puncture and tear resistance. "Green" friendly.

286931426 30 x 45 Black 1.5 mil 5/25/cs

Berry Big City® Linear Low Density Can Liners

Flat Folded. The polyethylene can liner of choice for heavy duty uses. Big City® liners are made of resins that tend to be thicker in gauge and offer additional stretch. All repro resins used in Big City liners must meet our stringent quality standards. Economical, high performance can liner with excellent puncture and tear resistance. Available in black for maximum opacity and also in clear for specialty applications. Specially blended LLDPE and recycled material (post-industrial). Flat folded for convenient single bag dispensing. Sizes and gauges to meet any need.

Berry Sure Sak® Linear Low Density Can Liners

Premium linear low density polyethylene liners. Superior strength and puncture resistance are the key benefits of these high-end can liners. Two-ply construction with easy to recognize silver color outside and black inside to conceal unsightly waste. Designed for heavy loads like metal, glass shards and even jagged pieces of wood, these can liners are built for durability. Includes twist ties for easy closure. Easy flat folded dispensing. Flat seals for added strength. Sizes and gauges to meet any need. Silver/Black.

Specialty Liners

Berry UltraStar® Liners

3-Ply premium linear low density/high density polyethylene liners. Combine linear low density resins for exceptional puncture and tear resistance, and high density resins for superior impact and tensile strength. Flexes with heavy loads and sharp objects. Flat folded dispensing. Flat seals for added strength. Sizes and gauges to meet any need. 28 gauge/mic. Green/gray.
